

Education Day Raffle

Chemeketa Park, through the leadership of a small group of your neighbors, has been able to have our Park recognized as a Firewise Community for the past two years.

To **remain** a Firewise community, we are required to continue regular hazardous fuel reduction maintenance for our property *and* participate in an education day every year.

That's where *you* come in!

This year, because of the pandemic, NFPA (National Fire Protection Association) is offering virtual trainings as opposed to an in person "Training Day". Here's the best part.....

You spend an hour participating in an incredible virtual training on how to keep your house safe from wildfire or how to survive and escape from a wildfire. And for that hour, Chemeketa Park will enter your name into a raffle for a gift basket worth millions of dollars!!! ;)

Here's what you need to do.....

1) Watch one or both of these webinars:

Fire Adapted Communities: Active strategies for Home Hardening

<https://tinyurl.com/2021adapt>

Evacuation and Warnings: How to Survive a Wildfire

<https://tinyurl.com/wildfire2021>

2) Log your hours **by March 31, 2021** at the following website:

<https://tinyurl.com/2021CPVH>

That's it!!! The Firewise group does a tremendous amount of work each year to keep us all safe, but they really need YOUR help....in keeping our certification. Please plan to visit one of these webinars.

Thank you for helping to protect our community.
